ORCHARD PARK
VETERINARY
MEDICAL CENTER

Orchard Park Veterinary Medical Center (OPVMC) is seeking a board certified or residency trained Ophthalmologist!

OPVMC is a privately-owned hospital and a leader in Specialty, 24/7 Emergency and Wellness healthcare for pets. We enjoy a strong diverse caseload, are growing quickly, and are seeking the right individual to help contribute to the team environment and to expand the medicine we offer to the community.

OPVMC consists of two boarded internists, one boarded surgeon and two residency trained surgeons, a boarded medical oncologist, a behavior specialist, and eighteen emergency/general practice veterinarians. We also have a relationship with a boarded radiologist and a board-certified clinical pathologist.

In 2008 we relocated to a newly remodeled 22,000 sq. ft facility that includes endoscopy, cystoscopy, Storz endosurgical equipment, GE Logiq s7 expert Vet ultrasound machine, 64-slice Toshiba Aquilion CT unit, digital radiography with an established radiologist relationship, a complete onsite laboratory with an Olympus camera microscope for same-day remote board certified clinical pathologist evaluations of cytologic preparations, and blood bank. We enjoy a paper-light electronic medical records system that streamlines paperwork, improves record keeping, and facilitates client and referring veterinarian communication.

We have an incredibly loyal, hardworking and dedicated team. We are committed to the patients and the community, and promote an environment that fosters team learning mixed with a daily dose of laughter. Learn more about us at http://www.OPVMC.com/.

Orchard Park is located 20 minutes outside of Buffalo, New York. Buffalo is enjoying a renaissance and revitalization throughout the city as major companies are moving to Buffalo providing stable employment for many and bolstering the economy. Buffalo remains among the most affordable cities in the US with an easy commute to work from the city, suburbs or country – live in the environment that suits you, and have the access to where you need to be with ease - https://www.bestplaces.net/cost-of-living/. Architectural gems are everywhere providing great options for home buying and really cool places to visit and hangout. Buffalo also has many entertainment venues including concerts, theater events, live music, the Buffalo Sabres, Buffalo Bills, Buffalo Bandits lacrosse, awesome food (pizza and wings are good, but we have so much more!), an abundance of micro breweries and distilleries; not to mention amazing art at the Albright Knox Art Gallery, The Buffalo Philharmonic, and fun days at the Science Museum. Let's not forget the incredible Niagara Falls, and that's just the beginning… If you are interested in learning more about Buffalo please visit the following: https://www.buffalorising.com/; http://www.buffalospree.com/.
