RESIDENCY PROGRAM
Veterinary Clinical Sciences (259012)
2019-2022

**APRIL 15th, 2018: DEADLINE TO RECEIVE FULL APPLICATION**

**POSITION:** ANESTHESIOLOGY

**NUMBER OF POSITIONS AVAILABLE:** 1

**DESCRIPTION:**
This residency is a 3-year (36 months), full time, post-graduate program of 108 credits obtained mostly from clinical training. A specialized study diploma (D.E.S.) is awarded upon completion of the program. Clinical training is provided in the field of veterinary anaesthesia and analgesia. Additional training is available in other selected specialties, to meet the requirements of the American College of Veterinary Anesthesia and Analgesia (ACVAA) and European College of Veterinary Anaesthesia and Analgesia (ECVAA). The resident will participate in the clinical care of patients presented to the veterinary teaching hospital. The resident is required to complete a research project and participate in the daily supervision of undergraduate students and interns in veterinary anesthesia. He/she will participate in teaching activities for undergraduate students. The resident will also participate in the on-call service. Residents are eligible for 3 weeks holiday per year, the timing of which will be determined following discussion with the program director to ensure the needs of the service and hospital are met. Additionally, if the resident is not on-call, he/she is eligible for statutory holidays. Any veterinary medical activities performed outside the residency program must be declared to the student’s program director and to the associate dean for clinical training and continuing education. The programme is supported by one ACVAA/ECVAA Diplomate, two ACVAA Diplomates and two part-time clinicians (residency trained). A master’s program may be offered following discussion with the program director.
