RESIDENCY PROGRAM
Veterinary Clinical Sciences (259012)
2018-2021

JANUARY 15th, 2018: DEADLINE TO RECEIVE FULL APPLICATION

POSITION: SMALL ANIMAL SURGERY

NUMBER OF POSITIONS AVAILABLE: 1

DESCRIPTION:
This residency is a 3-year (36 months), full time, post-graduate program of 108 credits obtained mostly from clinical training. A specialized study diploma (D.E.S.) is awarded upon completion of the program. The intensive clinical training is concentrated in the field of small animal surgery (Soft Tissue, Orthopedics and Neurosurgery). Additional rotations will be completed in other specialties to fulfill the requirements of the ACVS surgical residency program (Internal Medicine, Radiology, Pathology and Anesthesia). The resident is required to complete a research project with the objective of submitting a publication as first author during the program. The resident will rotate on surgical on-call emergency duties (from 50 to 75% of the time; one week every 2 or 3 weeks depending on the schedule, and at least one third of the holidays). Residents are eligible for 3 weeks of holidays that will be determined by the consultation committee and the section supervisor. If the resident is not on emergency duty, they are eligible for the standard set holidays during the year. The resident will function in the Teaching Hospital from Monday through Friday a minimum of 8 hours daily. The resident is responsible for all surgery patients hospitalized during the week and the weekends (it should be expected to work on the weekends if surgical patients are hospitalized). Daily patient rounds will be held where hospitalized patients will be presented and discussed and active participation of the resident is expected. The resident will be asked to participate in the teaching laboratories of junior students and participate in daily supervision of undergraduate students in their surgery rotation. Any veterinary medical activities performed outside the residency program must be declared to the student’s program director and to the associate dean for clinical training and continuing education in accordance to the conflict of interest policy. A master’s program may be offered after satisfactory completion on the first year.

REQUIREMENTS:
- Doctor of Veterinary Medicine (DVM) or equivalent
- Have recently completed an small animal rotating internship or have equivalent experience
- License from the Ordre des Médecins Vétérinaires du Québec before starting the program
- Working knowledge of French
