JANUARY 15th, 2019: DEADLINE TO RECEIVE FULL APPLICATION

POSITION: LARGE ANIMAL SURGERY (Option: Farm Animal)

NUMBER OF POSITIONS AVAILABLE: 1

DESCRIPTION:
This residency is a 3-year (36 months), full time, post-graduate program of 108 credits obtained mostly from clinical training. A specialized study diploma (D.E.S.) is awarded upon completion of the program. The intensive clinical training is concentrated in the field of farm animal medicine and/or surgery (American College of Veterinary Surgeons). There is additional training in other selected specialties (American College of Veterinary Internal Medicine, American College of Veterinary Radiology, American College of Veterinary Pathologists or the European College of Bovine Health Management). The teaching personnel supervising the resident is composed of 3 professors diplomate of the ACVIM, 2 professors diplomate of the ACVS and 2 professors diplomate of the ECBHM. The resident is required to complete a clinical research project and participate in the daily supervision of undergraduate students in farm animal medicine and/or surgery. He (she) may also be asked to supervise the teaching laboratories of junior students. Every three weeks, the resident will also participate in night, weekend and holiday emergency duty. Residents are eligible for 3 weeks of vacation per year that will be determined by the program director and the section to which the student is associated according to the needs of the sector. If the resident is not on emergency duty, they are eligible for the standard set holidays during the year. Any veterinary medical activities performed outside the residency program must be declared to the student’s program director and to the associate dean for clinical training and continuing education. A master’s program may be offered after satisfactory completion of the first year training program.

REQUIREMENTS:
- Doctor of Veterinary Medicine (DVM) or equivalent
- Have recently completed an internship or have equivalent experience
- License from the Ordre des Médecins Vétérinaires du Québec before starting the program
- Working knowledge of French
