POSITION: LARGE ANIMAL SURGERY (EQUINE EMPHASIS)

NUMBER OF POSITIONS AVAILABLE: 1

DESCRIPTION:
This residency is a 3-year (36 months), full time, graduate program of 108 credits obtained mostly from clinical training. A specialized study diploma (D.E.S.) is awarded upon completion of the program. The intensive clinical training is concentrated in the field of large animal (Equine) veterinary surgery. There is additional training in other selected specialties, in order to meet the requirements of the American College of Veterinary Surgeons. The resident will participate in the clinical examination of animals (day clinic, emergency and hospitalized patients). The resident is required to complete a clinical research project and participate in the daily supervision of undergraduate students and interns in equine surgery. They will also participate in teaching laboratories of junior students. The resident will also participate in a rotation of night, weekend and holiday emergency duty with the other residents. Residents are eligible for 3 weeks holiday per year which will be determined by the program director and the service to which the student is attached according to the needs of the service. If the resident is not on emergency duty, they are also eligible for the standard set of statutory holidays during the year. Any veterinary medical activity performed outside the residency program must be declared to the student’s program director and to the associate dean for clinical training and continuing education. A master’s program may be offered after satisfactory completion of the first year.
