2018-2021

**JANUARY 15th, 2018: DEADLINE TO RECEIVE FULL APPLICATION**

**POSITION: OPHTALMOLOGY**

**NUMBER OF POSITIONS AVAILABLE: 1**

**DESCRIPTION:**  
This residency is a 3-year (36 months), full time, post-graduate program of 108 credits obtained mostly from clinical training. A specialized study diploma (D.E.S.) is awarded upon completion of the program. The intensive clinical training is concentrated in the field of veterinary medicine. There is additional training in other selected specialties, in order to meet the requirements of the European College of Veterinary Ophthalmologists (E.C.V.O.). The resident will participate in the clinical examination of animals (external clinic, emergency and hospitalized patients). The resident is required to complete a clinical research project and participate in the daily supervision of undergraduate students in veterinary anesthesia. The resident will also participate in night, weekend and holiday emergency duty. Residents are eligible for 3 weeks of holidays per year which will be determined by the program director and the sector to which the student is attached according to the needs of the sector. Any veterinary medical activities performed outside the residency program must be declared to the student’s program director and to the associate dean for clinical training and continuing education. Eventually a PHD program may be offered during the residency program after satisfactory completion of the first year.
