B.W. Furlong & Associates has an opening for our 2017-2018 internship. The internship is a rotating equine internship which includes internal medicine & surgery, lameness, diagnostic imaging and ambulatory rotations. Previous interns have moved onto private practice and residencies in internal medicine and diagnostic imaging. Please contact Dr. Rachel Gardner (rgardner@bwfurlong.com) or see bwfurlong.com with any questions or for further information. Thank you!!

B.W. Furlong & Associates is an equine veterinary practice headquartered in Oldwick, NJ. The practice employs 14 veterinarians that practice in the Northeast, as well as 3 that practice in Florida and Virginia under the name Peak Performance Equine Services. It is an extremely fast-paced and busy practice, serving and caring for some of the most prestigious clientele in the country. The main practice consists of a full service ambulatory division, as well as a 4 acre facility that houses a full service 12 stall hospital, stallion collection station, lab, and advanced imaging capabilities. It also has separate properties that include a standing MRI and a rehabilitation center.
