JANUARY 15th, 2018: DEADLINE TO RECEIVE FULL APPLICATION

POSITION: ZOOLOGICAL MEDICINE

NUMBER OF POSITIONS AVAILABLE: 3

DESCRIPTION:
This veterinary clinical science internship is an intensive 12 months (53 weeks) post-graduate training program. A certificate is awarded upon completion. The program consists of a clinical training in zoological medicine and surgery at the Exotic Animals Clinic and the Birds of Prey Clinic of the Zoological Medicine Service. As part of this program, the intern will also have clinical exposure to animals from zoological institutions. The Zoological Medicine Service collaborates with other veterinary specialties (i.e. diagnostic imaging, ophthalmology, surgery, etc.) and the Exotic Animals Clinic works closely with the Companion Exotic Mammal Shelter. Clinical training is complemented with daily clinical rounds, journal clubs and pathology rounds. Interns are involved in teaching veterinary students. The interns will participate in the after hour emergency service offered by the Zoological Medicine Service on a rotating basis (every other week at most). Three week paid vacation/CE time is included and determined by the section head. Any professional activities performed outside the internship program must be declared to the associate dean for clinical training and continuing education.
