Yates Veterinary Hospital, a well-established, growing mixed animal practice in Oxford County wishes to hire a full-time veterinarian. Small animals make up 70% of the practice, with dairy and small ruminant animals accounting for the rest. We are a multi-vet practice, with veterinarians sharing the on-call emergency work and weekend work. The successful candidate for this position will require a service-oriented attitude with the ability to work in a co-operative team atmosphere where strong mentoring skills are available, as needed. Please apply to jacyates@execulink.com.
