The North Bay and District Humane Society is a registered charity situated in North Bay, Ontario. The Society owns and operates a fully accredited onsite clinic – The North Bay & District Humane Society Pet Clinic

We are looking for a full-time new graduate veterinarian, starting June 2017 – salary to be negotiated.

We operate a busy and varied primary care clinic for shelter animals and have an associated high-quality, public spay-neuter clinic. We are responsible for the care and welfare of individual animals from intake to adoption; duties include both feline and canine medicine, surgery, dentistry, as well as disease control in a shelter situation.

This is an excellent opportunity for new graduates to spend some time honing their newly acquired skills, as there will be mentorship provided and ample opportunity to learn and improve surgical, anaesthesia and diagnostic skills.

Candidates must be registered with the College of Veterinarians of Ontario. The successful applicant will have the position for a period of at least one year, subject to renewal.

Our veterinary team is friendly and cooperative, with excellent support staff and facilities.

We are looking for a candidate who is caring, patient, eager, a team player with a strong work ethic. The position is five days a week, and requires minimal after-hours/emergency work.

Resumes must be sent via email to manager@northbayhumanesociety.ca
