CANINE FOOD ALLERGIES RESEARCH STUDY

Does your client suspect his/her has food allergies?
If so, your client may be eligible to participate in a survey from the Clinical Nutrition Service!

Criteria for Dogs:
· Greater than 1 year of age
· If seeking the advice of a dermatologist, the survey must be completed prior the dog’s FIRST visit with a veterinary dermatologist

Criteria for Dog Owners:
· Able to answer questions about your dog’s current diet and dietary history
· 18 years of age or older
· Has approx. 30 minutes to complete the survey

The goal of this research is to gain a better understanding of the beliefs and knowledge of pet owners with food allergic dogs.

Contact the Clinical Nutrition Service if your client would like to complete a survey:
