Facility Service Disruption Notification

Saturday, April 29, 2017 – 7:00am to 7:00pm

Date Initiated: March 9, 2017

Service: All non-essential power to the building

Building(s): All buildings on campus, with the exception of following buildings that **WILL NOT BE AFFECTED** by the shutdown:

- 003 - OVC Main Building Extension
- 012 - Central Animal Facility
- 039 - OVC Main Building
- 040 - OVC Biomedical Science
- 043 - Canadian Research Institute for Food Safety (CRIFS)
- 044 - OVC James Archibald Small Animal Clinic
- 045 - OVC Stewart Building
- 047 - OVC McNabb House
- 049 - OVC Mona Campbell Centre for Animal Cancer
- 077 - OVC Lifetime Learning Centre
- 089 - OVC Pathobiology / Animal Health Labs Building
- 090 - OVC Large Animal Isolation Building
- 093 - OVC Hills Pet Nutrition Primary Healthcare Centre
- 094 - Gnotobiotic Derivation Unit - Portable
- 095 - OVC Gnotobiotic Laboratory
- 098 - Portable
- 123 - Equine Sports Medicine & Reproduction Centre
- 124 - Equine Manure Holding Facility
- 165 - OVC Embryo Biotechnology Group
- 167 - OVC Animal Biotechnology Embryo Laboratory - Portable
- 174 - OVC Clinical Research

175 - OVC Comparative Clinical Research Facility
183 - OVC Main Animal Holding

Areas Affected: Each individual building will have no non-essential power

Contacts:

Date & Time: Saturday, April 29, 2017 from 7:00am to 7:00pm

Reason: Maintenance to the campus electrical system

Notes: Access to all campus buildings should be restricted, other than for security reasons. Essential/emergency power and lighting, as provided by the campus essential power system, will not be affected. Chilled water may be limited during this time, therefore critical systems with cold water back-up capability will be switched over. Heating, ventilation, air conditioning and hot water will not be available during this shutdown. In addition, building elevators will be locked out of service.

Originator: Justin Selby & Rick Legault

Extension: 56918 & 52015
