

1st CTRMN Research Day

Date: April 6th, 2017

Time: 10 am – 5 pm

Location: OVC Room 1714

Comparative and Translational Regenerative Medicine Network at Guelph

Outstanding International Speakers Posters from labs across campus

Dr. Tuan

Dr. Viswanathan

Dr. Borjesson

Invited speakers:

- **Prof. Rocky Tuan, University of Pittsburgh:** “Skeletal Tissue Engineering and Regeneration: Stem Cells, Biomatrix, and Biomimetic Scaffolds”
- **Prof. Dori Bojesson, University of California, Davis:** “From the Bench to the Bedside: Current Clinical Trials using Stem Cells in Cats, Dogs and Horses”
- **Prof. Sowmya Viswanathan, University of Toronto:** “Mesenchymal stromal cells and polarized monocytes/macrophages as anti-inflammatory therapeutic approach for osteoarthritis”
- Jodi Garner, Ontario Institute of Regenerative Medicine (OIRM)
- Mira Puri, Centre for Commercialization of Regenerative Medicine (CCRM), Toronto

Register before Tuesday March 14th to secure your seat:

- Eventbrite.com, link: <http://bit.ly/2nn8y4g>
