

OFFICE OF THE VICE-PRESIDENT RESEARCH

## MEMORANDUM

**To:** All Faculty

**From:** Dr. Malcolm M. Campbell, Vice President Research

**CC:** Provost, Deans, Chairs, Directors

**Date:** March 17, 2017

**Re:** Search Committee for Associate Vice-President Research (Agri-Food Partnership)

---

As you may be aware, Dr. Wayne Caldwell's appointment as interim Associate Vice-President Research (Strategic Partnerships) ends on June 30, 2017. After that point, it is the aim to fill the position on a full-time basis as Associate Vice-President Research (Agri-Food Partnership). In keeping with this, your input is requested to move forward with establishing the membership of the Search Committee.

Given the significance of the role of the AVPR (Agri-Food Partnership) in overseeing the OMAFRA-UofG partnership agreement, Dr. Rene Van Acker (Dean, OAC), and Dr. Jeffrey Wichtel (Dean, OVC), have already been appointed to the Search Committee. Given the decanal representation from OAC and OVC, your assistance is requested in the election of three tenured faculty members from the other five colleges to the Search Committee. All faculty, from all colleges, will be eligible to nominate and vote; however, the three tenured faculty members who will be nominated and elected to serve on the committee must be from different colleges, i.e. from CBS, CPES, CSAHS, CBE, and/or COA.

A regular full-time staff member and a student will also be named to the committee.

**Nomination period:** March 20-24, 2017

**Voting period:** March 27-31, 2017

The nomination form and more detailed information about the Search Committee membership, nomination, and election process may be found at the following link:

<http://www.uoguelph.ca/research/search-committee-associate-vice-president-research-agri-food-partnership>

Once nominations are closed, you will be contacted again with the names of the nominees, to commence the voting process.
