

Dr. Maureen Anderson is a 2003 graduate of the Ontario Veterinary College and is ACVIM board-certified in large animal internal medicine. Her graduate research focused on MRSA in horses and equine personnel, as well as hand hygiene and infection control measures used in small animal clinics. She is currently Lead Veterinarian - Animal Health and Welfare at the Ontario Ministry of Agriculture, Food and Rural Affairs, where she continues to work in areas bridging animal and public health, including infection control.

Dr. Dan Shock earned his Doctorate in Veterinary Medicine from the Ontario Veterinary College, University of Guelph, in 2008. After 3 years at a progressive food animal practice in Eastern Ontario, Dan returned to OVC to complete a PhD in epidemiology in 2014. His doctoral research focused on studying risk factors for the summer-associated increase in bulk milk SCC and mastitis incidence in Ontario dairy herds. Following his PhD, Dan spent time in the pharmaceutical industry and private practice. Currently, Dan is a veterinary consultant at ACER Consulting, providing his expertise in epidemiological research, agricultural extension, and stakeholder engagement to a broad range of clients throughout the agri-food and animal health industries.

Dr Elise Tatone is a graduate of the Ontario Veterinary College class of 2011. After spending a few years in clinical practice, Elise returned to OVC to pursue a PhD in epidemiology with a focus on dairy medicine. Upon completion of her PhD in 2016, Elise joined the federal government as a drug evaluator with the Veterinary Drugs Directorate where she currently holds an acting position as a Senior Science Advisor. Outside of work, Elise enjoys spending time outside – running or rowing, and trying to keep her dog, Morty, out of trouble.

Lois Valli, DVM, PhD, BEd CFIA Regulatory Veterinary Medicine Liaison, Ontario Veterinary College Canadian Food Inspection Agency / Government of Canada

- Education - BSc Pharmacology at Western University, MSc pharmacology/tox OVC in 1986, DVM 1991, PhD in immunology at OVC- finished 2010, BEd from Brock 2011
- Mixed practice southwestern Ontario for 3 years
- Industry - Hills 1 year, Wyeth Animal Health- manager technical services (vet group) for 10 years
- Part time teaching for couple of years-sessional • Small animal practice locum 6 months
- Joined CFIA in March 2014, CFIA Liaison to the University of Guelph
