1 Course Details

1.1 Calendar Description

The course will contribute to students' achievement of selected DVM 2000 elements of competency in the context of the dog and cat. The primary emphasis is directed towards developing the skills, knowledge and attitudes that will permit the entry-level veterinarian to develop strategies to deal with common and uncommon diagnoses. The graduating competencies can be found on the OVC website (http://www.ovcnet.uoguelph.ca/homepage/html).

Pre-Requisites: All Phase 2 courses.
Co-Requisites: All Phase 3 courses.

1.2 Course Description

The student will continue to develop their knowledge of pathophysiology and clinical management of common diseases of cats and dogs. When possible, the class schedule will be arranged into individual body system units, in order to integrate with other Phase III courses.

1.3 Timetable

Timetable is subject to change. Please see WebAdvisor for the latest information.

1.4 Final Exam

Exam time and location is subject to change. Please see WebAdvisor for the latest information.

2 Instructional Support

For questions regarding academic consideration, continuation of study, academic misconduct, safety, confidentiality, and experiential learning involving use of animals, please
refer to the Phase information on the OVC website.

2.1 Instructional Support Team

**Instructor:** Sarah Abood  
**Email:** sabood@uoguelph.ca  
**Telephone:** +1-226-338-9504  
**Office:** OVC Clinical Studies 2150  
**Subjects:** Nutrition for the Sick Patient

**Instructor:** Anthony Abrams-Ogg Dr.  
**Email:** aogg@ovc.uoguelph.ca  
**Telephone:** +1-519-824-4120 x56902  
**Office:** OVC Clinical Studies 2113  
**Office Hours:** Course Coordinator  
**Subjects:** Hepatic Disorders

**Instructor:** Shane Bateman Dr.  
**Email:** sbateman@uoguelph.ca  
**Telephone:** +1-519-824-4120 x54712  
**Office:** OVC Clinical Studies 2153  
**Subjects:** Triage, Shock, Fluid Therapy Planning

**Instructor:** Alexa Bersenas  
**Email:** bersenas@uoguelph.ca  
**Telephone:** +1-519-824-4120 x54712  
**Office:** OVCP 2121  
**Subjects:** Diabetic Ketoacidosis, Hypoadrenocorticism, Acute Kidney Injury, Respiratory Emergencies, Head Trauma

**Instructor:** Shauna Blois  
**Email:** sblois@uoguelph.ca  
**Telephone:** +1-519-824-4120 x54419  
**Office:** OVC Clinical Studies 2111  
**Subjects:** Vaccinology, Immunologic Disorders, Hemostatic Disorders, Endocrine Disorders, Cannabinoids et al Therapy & Toxicology

**Instructor:** Alice Defarges  
**Email:** adefarge@uoguelph.ca  
**Telephone:** +1-519-824-4120 x54603  
**Office:** ANCC 1104  
**Subjects:** Urinary Disorders

**Instructor:** Sonja Fonfara Dr.  
**Email:** sfonfara@uoguelph.ca  
**Telephone:** +1-519-824-4120 x54061  
**Office:** OVC Clinical Studies 2127  
**Subjects:** Cardiac Disorders

**Instructor:** Luis Gaitero Dr.  
**Email:** lgaitero@uoguelph.ca  
**Telephone:** +1-519-824-4120 x54021  
**Office:** OVC Clinical Studies 2101
Subjects: Neurological Disorders, Neuromuscular Disorders

Instructor: Tom Gibson Dr.
Email: tgibson@uoguelph.ca
Telephone: +1-519-824-4120 x54325
Office: OVC Clinical Studies 2130
Subjects: Urogenital Surgery, Orthopedic Surgery

Instructor: Samuel Hocker
Email: shocker@uoguelph.ca
Telephone: +1-519-824-4120 x52519
Office: ANCC
Subjects: Oncologic Disorders

Instructor: Roman Husnik
Email: rhusnik@uoguelph.ca
Telephone: +1-519-824-4120 x54024
Office: OVC Clinical Studies 2112
Subjects: Digestive System Disorders, Respiratory Disorders

Instructor: Noel Moens Dr.
Email: nmoens@uoguelph.ca
Telephone: +1-519-824-4120 x54026
Office: OVC Clinical Studies 2126
Orthopedic Surgery, Wound Management

Instructor: Michelle Oblak Dr.
Email: moblak@uoguelph.ca
Telephone: +1-519-824-4120 x54833
Office: OVC Clinical Studies 2138
Subjects: Oncologic Surgery, Urinary Surgery

Instructor: Andrew Peregrine Dr.
Email: aperegri@uoguelph.ca
Telephone: +1-519-824-4120 x54714
Office: OVC PAHL 3825
Subjects: Parasitic Disorders

Instructor: Chantale Pinard Dr.
Email: cpinard@uoguelph.ca
Telephone: +1-519-824-4120 x54148
Office: OVC Clinical Studies 2116
Subjects: Ophthalmologic Disorders

Instructor: Ameet Singh
Email: amsingh@uoguelph.ca
Telephone: +1-519-824-4120 x54292
Office: OVC Clinical Studies 2118
Subjects: Gastrointestinal Surgery, Ear Surgery, Hernia Surgery, Respiratory Surgery
3 Learning Resources

See attached Reading List of required and recommended reading.

Check the course website frequently for updates.

Required readings (see Reading List) are expected to be completed by the student prior to the respective classes.

Notes and handouts will be provided on the course website only.

The surgical portion of the course has required readings from Small Animal Surgery, 5th ed, 2018, Fossum TW (ed).

The internal medicine portion of the course has required readings listed from Small Animal Internal Medicine, 5th ed, 2014, Nelson RW & Couto CG (eds). PLEASE NOTE THAT THE 6TH EDITION IS ANTICIPATED TO BE PUBLISHED ON OCTOBER 1, 2019, AND REQUIRED READINGS WILL BE FROM THAT EDITION WHEN IT BECOMES AVAILABLE.

3.2 Recommended Resources

See Reading List for Details (Readings)

4 Learning Outcomes

4.1 Course Learning Outcomes

By the end of this course, you should be able to:

1. Describe the pathophysiology of common medical and surgical conditions of cats and dogs.
2. Recognize the presenting clinical signs of common diseases of cats and dogs.
3. Establish an appropriate list of differential diagnoses for common clinical problems of cats and dogs, based on history and physical examination.
4. Define the minimum and extended databases, and formulate diagnostic plans, necessary to correctly diagnose common diseases of cats and dogs.
5. Formulate initial and ongoing treatment plans for common disorders of cats and dogs.
6. Estimate an appropriate prognosis for common disorders of cats and dogs.

5 Teaching and Learning Activities

Systemic/Whole Body Disorders (vaccines, oncology, immune, hemostasis, hepatic): Lectures 1-2, 6-16

Digestive System Disorders (including the exocrine pancreas, nutrition): Lectures 17-26

Dermatologic Disorders (including wound management, ear surgery, hernia surgery): Lectures 27-29, 36-44

Endocrine Disorders: Lectures 30-35

Urogenital/Urinary System Disorders: Lectures 3-5, 45-53

Cardiovascular Systems Disorders: Lectures 54-57, 64-69

Respiratory System Disorders: Lectures 58-63

Orthopedic Surgery: Lectures 70-84
5.1 Lecture

Topics: Lecture #1: Vaccines 1
Instructor: Blois

Topics: Lecture #2: Vaccines 2
Instructor: Blois

Topics: Lecture #3: Urogenital Surgery 1
Instructor: Gibson

Topics: Lecture #4: Urogenital Surgery 2
Instructor: Gibson

Topics: Lecture #5: Urogenital Surgery 3
Instructor: Gibson

Topics: Lecture #6: Oncology 1
Instructor: Oblak/Woods

Topics: Lecture #7: Oncology 2
Instructor: Oblak/Woods

Topics: Lecture #8: Oncology 3
Instructor: Oblak/Woods
Topics: Lecture #9: Oncology 4
Instructor: Oblak/Woods

Topics: Lecture #10: Oncology 5
Instructor: Oblak/Woods

Topics: Lecture #11: Immune Disorders 1
Instructor: Blois

Topics: Lecture #12: Immune Disorders 2
Instructor: Blois

Topics: Lecture #13: Hemostasis Disorders
Instructor: Blois

Topics: Lecture #14: Hepatic Disorders 1
Instructor: Abrams-Ogg

Topics: Lecture #15: Hepatic Disorders 2
Instructor: Abrams-Ogg

Topics: Lecture #16: Hepatic Disorders 3
Instructor: Abrams-Ogg

Topics: Lecture #17: Digestive System Medicine 1
Instructor: Husnik

Topics: Lecture #18: Digestive System Medicine 2
Instructor: Husnik

Topics: Lecture #19: Digestive System Medicine 3
Instructor: Husnik

Topics: Lecture #20: Digestive System Medicine 4

Instructor: Husnik

Topics: Lecture #21: Digestive System Medicine 5

Instructor: Husnik

Topics: Lecture #22: Digestive System Surgery 1

Instructor: Singh

Topics: Lecture #23: Digestive System Surgery 2

Instructor: Singh

Topics: Lecture #24: Digestive System Surgery 3

Instructor: Singh

Topics: Lecture #25: Digestive System Surgery 4

Instructor: Abood

Topics: Lecture #26: Nutrition for the Sick Patient

Instructor: Moens

Topics: Lecture #27: Wound Management 1

Instructor: Moens

Topics: Lecture #28: Wound Management 2

Instructor: Moens

Topics: Lecture #29: Wound Management 3
Topics: Lecture #30: Endocrine Disorders 1
Instructor: Blois

Topics: Lecture #31: Endocrine Disorders 2 (DKA)
Instructor: Bersenas

Topics: Lecture #32: Endocrine Disorders 3
Instructor: Blois

Topics: Lecture #33: Endocrine Disorders 4
Instructor: Blois

Topics: Lecture #34: Endocrine Disorders 5
Instructor: Blois

Topics: Lecture #35: Endocrine Disorders 6 (Addisons)
Instructor: Bersenas

Topics: Lecture #36: Dermatologic Disorders 1
Instructor: Waisglass

Topics: Lecture #37: Dermatologic Disorders 2
Instructor: Waisglass

Topics: Lecture #38: Dermatologic Disorders 3
Instructor: Waisglass

Topics: Lecture #39: Dermatologic Disorders 4
Instructor: Waisglass

Topics: Lecture #40: Dermatologic Disorders 5
Instructor: Waisglass
Topics: Lecture #41: Dermatologic Disorders 6
Instructor: Waisglass

Topics: Lecture #42: Dermatologic Disorders 7
Instructor: Waisglass

Topics: Lecture #43: Ear Surgery
Instructor: Singh

Topics: Lecture #44: Hernia Surgery
Instructor: Singh

Topics: Lecture #45: Urinary Tract Medicine 1 (AKI)
Instructor: Bersenas

Topics: Lecture #46: Urinary Tract Surgery 1
Instructor: Oblak

Topics: Lecture #47: Urinary Tract Surgery 2
Instructor: Oblak

Topics: Lecture #48: Urinary Tract Medicine 2
Instructor: Defarges

Topics: Lecture #49: Urinary Tract Medicine 3
Instructor: Defarges

Topics: Lecture #50: Urinary Tract Medicine 4
Instructor: Defarges

Topics: Lecture #51: Urinary Tract Medicine 5
Instructor: Defarges

Topics: Lecture #52: Urinary Tract Medicine 6

Topics: Lecture #60: Respiratory Medicine 3

Instructor: Husnik

Topics: Lecture #61: Respiratory Surgery 1

Instructor: Singh
Topics: Lecture #62: Respiratory Surgery 2
Instructor: Singh

Topics: Lecture #63: Respiratory Emergencies
Instructor: Bersenas

Topics: Lecture #64: Cardiovascular Disorders 5
Instructor: Fonfara

Topics: Lecture #65: Cardiovascular Disorders 6
Instructor: Fonfara

Topics: Lecture #66: Cardiovascular Disorders 7
Instructor: Fonfara

Topics: Lecture #67: Cardiovascular Disorders 8
Instructor: Fonfara

Topics: Lecture #68: Cardiovascular Disorders 9
Instructor: Fonfara

Topics: Lecture #69: Cardiovascular Disorders 10
Instructor: Fonfara

Topics: Lecture #70: Orthopedics 1
Instructor: Moens

Topics: Lecture #71: Orthopedics 2
Instructor: Moens

Topics: Lecture #72: Orthopedics 3
Instructor: Moens
Topics: Lecture #73: Orthopedics 4
Instructor: Moens

Topics: Lecture #74: Orthopedics 5
Instructor: Moens

Topics: Lecture #75: Orthopedics 6
Instructor: Moens

Topics: Lecture #76: Orthopedics 7
Instructor: Moens

Topics: Lecture #77: Orthopedics 8
Instructor: Moens

Topics: Lecture #78: Orthopedics 9
Instructor: Gibson

Topics: Lecture #79: Orthopedics 10
Instructor: Gibson

Topics: Lecture #80: Orthopedics 11
Instructor: Gibson

Topics: Lecture #81: Orthopedics 12
Instructor: Gibson

Topics: Lecture #82: Orthopedics 13
Instructor: Gibson

Topics: Lecture #83: Orthopedics 14
Instructor: Gibson

**Topics:** Lecture #84: Orthopedics 15

Instructor: Gaitero

**Topics:** Lecture #85: Neuromuscular Disorders 1

Instructor: Gaitero

**Topics:** Lecture #86: Neuromuscular Disorders 2

Instructor: Gaitero

**Topics:** Lecture #87: Neuromuscular Disorders 3

Instructor: Gaitero

**Topics:** Lecture #88: Neuromuscular Disorders 4

Instructor: Gaitero

**Topics:** Lecture #89: Neuromuscular Disorders 5

Instructor: Gaitero

**Topics:** Lecture #90: Neuromuscular Disorders 6

Instructor: Gaitero

**Topics:** Lecture #91: Neuromuscular Disorders 7

Instructor: Gaitero

**Topics:** Lecture #92: Neuromuscular Disorders 8

Instructor: Gaitero

**Topics:** Lecture #93: Neuromuscular Disorders 9 (Emergency - Head Trauma)

Instructor: Bersenas
Topics: Lecture #94: Parasitic Disorders 1
Instructor: Peregrine

Topics: Lecture #95: Parasitic Disorders 2
Instructor: Peregrine

Topics: Lecture #96: Parasitic Disorders 3
Instructor: Peregrine

Topics: Lecture #97: Parasitic Disorders 4
Instructor: Peregrine

Topics: Lecture #98: Ophthalmologic Disorders 1
Instructor: Pinard

Topics: Lecture #99: Ophthalmologic Disorders 2
Instructor: Pinard

Topics: Lecture #100: Ophthalmologic Disorders 3
Instructor: Pinard

Topics: Lecture #101: Ophthalmologic Disorders 4
Instructor: Pinard

Topics: Lecture #102: Ophthalmologic Disorders 5
Instructor: Pinard

Topics: Lecture #103: Ophthalmologic Disorders 6
Instructor: Pinard

Topics: Lecture #104: Ophthalmologic Disorders 7
Instructor: Pinard
6 Assessments

The final grade will be composed of formative evaluations (3 Midterm Tests each worth 15%) for a total of 45% and a Final Examination worth 55%.

If you cannot attend an exam, please contact the Associate Dean, Students and Academics to make a request for academic consideration. There will be 2 midterm re-write time slots available within 2 weeks of the original exam date for those that miss the Midterm Test and have been granted academic consideration. If the exam cannot be completed in either of these slots, the weighting of this exam will be distributed amongst the remaining Midterm Tests and the Final Examination. Following each Midterm Test, there will be a three-week period in which the examination can be reviewed. There will not be an opportunity to review
the examination outside of this period. To arrange a time to review the examination, please contact the Administrative Assistant to the Faculty and Chair in the Department of Clinical Studies to book an appointment by emailing ovcsas.clin@uoguelph.ca.

6.1 Assessment Details

**Midterm 1 (15%)**  
Covering material from lectures 1 to 29

**Midterm 2 (15%)**  
Covering material from lectures 30 to 59

**Midterm 3 (15%)**  
Covering material from lectures 60 to 93

**Final Examination (55%)**  
Summative evaluation

---

7 University Statements

7.1 Email Communication

As per university regulations, all students are required to check their e-mail account regularly: e-mail is the official route of communication between the University and its students.

7.2 When You Cannot Meet a Course Requirement

When you find yourself unable to meet an in-course requirement because of illness or compassionate reasons please advise the course instructor (or designated person, such as a teaching assistant) in writing, with your name, id#, and e-mail contact. The grounds for Academic Consideration are detailed in the Undergraduate and Graduate Calendars.

Undergraduate Calendar - Academic Consideration and Appeals  
https://www.uoguelph.ca/registrar/calendars/undergraduate/current/c08/c08-ac.shtml

Graduate Calendar - Grounds for Academic Consideration  
https://www.uoguelph.ca/registrar/calendars/graduate/current/genreg/index.shtml

7.3 Drop Date

Students will have until the last day of classes to drop courses without academic penalty. The deadline to drop two-semester courses will be the last day of classes in the second semester. This applies to all students (undergraduate, graduate and diploma) except for Doctor of Veterinary Medicine and Associate Diploma in Veterinary Technology (conventional and alternative delivery) students. The regulations and procedures for course registration are available in their respective Academic Calendars.

Undergraduate Calendar - Dropping Courses
7.4 Copies of Out-of-class Assignments

Keep paper and/or other reliable back-up copies of all out-of-class assignments: you may be asked to resubmit work at any time.

7.5 Accessibility

The University promotes the full participation of students who experience disabilities in their academic programs. To that end, the provision of academic accommodation is a shared responsibility between the University and the student.

When accommodations are needed, the student is required to first register with Student Accessibility Services (SAS). Documentation to substantiate the existence of a disability is required; however, interim accommodations may be possible while that process is underway.

Accommodations are available for both permanent and temporary disabilities. It should be noted that common illnesses such as a cold or the flu do not constitute a disability.

Use of the SAS Exam Centre requires students to book their exams at least 7 days in advance and not later than the 40th Class Day.

More information can be found on the SAS website
https://www.uoguelph.ca/sas

7.6 Academic Integrity

The University of Guelph is committed to upholding the highest standards of academic integrity, and it is the responsibility of all members of the University community-faculty, staff, and students-to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring. University of Guelph students have the responsibility of abiding by the University’s policy on academic misconduct regardless of their location of study; faculty, staff, and students have the responsibility of supporting an environment that encourages academic integrity. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.
7.7 Recording of Materials

Presentations that are made in relation to course work - including lectures - cannot be recorded or copied without the permission of the presenter, whether the instructor, a student, or guest lecturer. Material recorded with permission is restricted to use for that course unless further permission is granted.

7.8 Resources

The Academic Calendars are the source of information about the University of Guelph’s procedures, policies, and regulations that apply to undergraduate, graduate, and diploma programs.

Academic Calendars
https://www.uoguelph.ca/academics/calendars
