

Integrative Mobile Veterinarian

Palumbo Mobile Veterinary Services is seeking a part-time Veterinarian to join our quickly growing integrative veterinary practice, which offers exceptional services in the client's own home as well as a clinic setting. We provide care for companion animals. Our veterinary team practices an integrative approach which includes holistic/complementary and conventional medicine. We strive to live our mission by supporting families by guiding and supporting their decisions to create a healthy, happy life for their pets! We encourage a great deal of preventative care (various laboratory testing, customized nutrition programs, titre testing etc), and an overall Custom integrative approach to each patient. We practice veterinary medicine with an integrative approach and use a well-rounded spectrum of methodologies to encompass the whole health of each individual pet. Dr. Laura and her team are happy to mentor and provide training for all aspects of integrative care. All team members must have an open mind and be willing to learn new modalities. Every year, more and more pet parents are looking for more natural options to heal and prevent illness. As human care continues to move toward a more natural approach, so too will veterinary medicine. There is an art to all our science. This approach allows you to be creative in your medical practices. People

Our practice is in high demand and constantly growing. We pride ourselves on making a real difference in pet health by using modern evidence- based medicine to correct the underlying cause of illness.
