

Phase 4 Summary Report

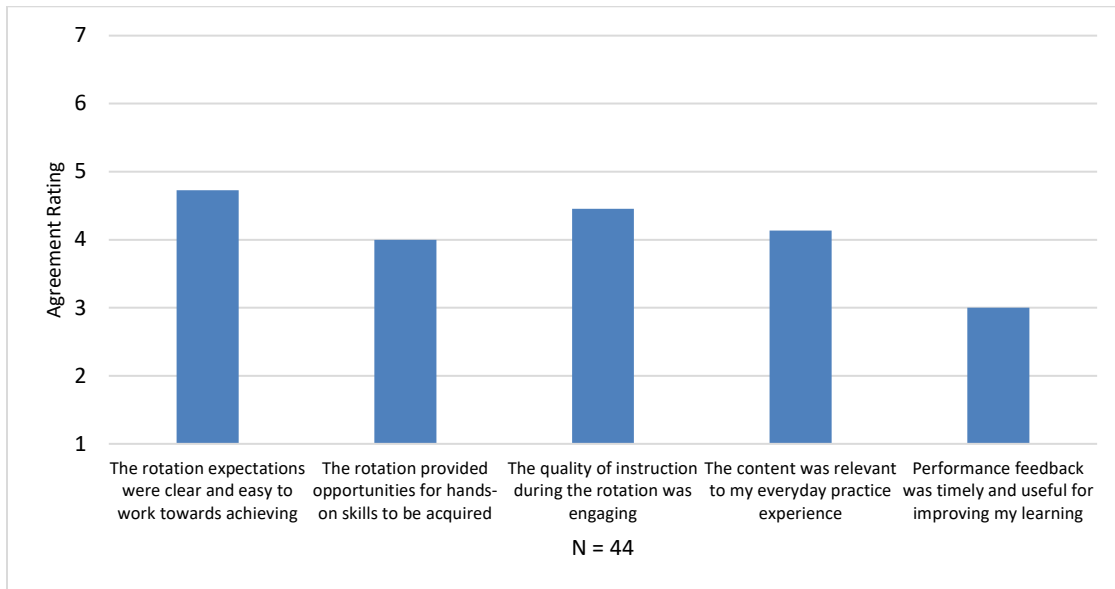

Phase 4 Survey Results 2017 - 2018

The following is a summary of student responses to the Phase 4 survey questions administered on March 26th, 2018. The tables below outline the average response to questions focused on rotations, externships, competencies, and future career goals. A 7-point likert scale was used where applicable and is referenced below.

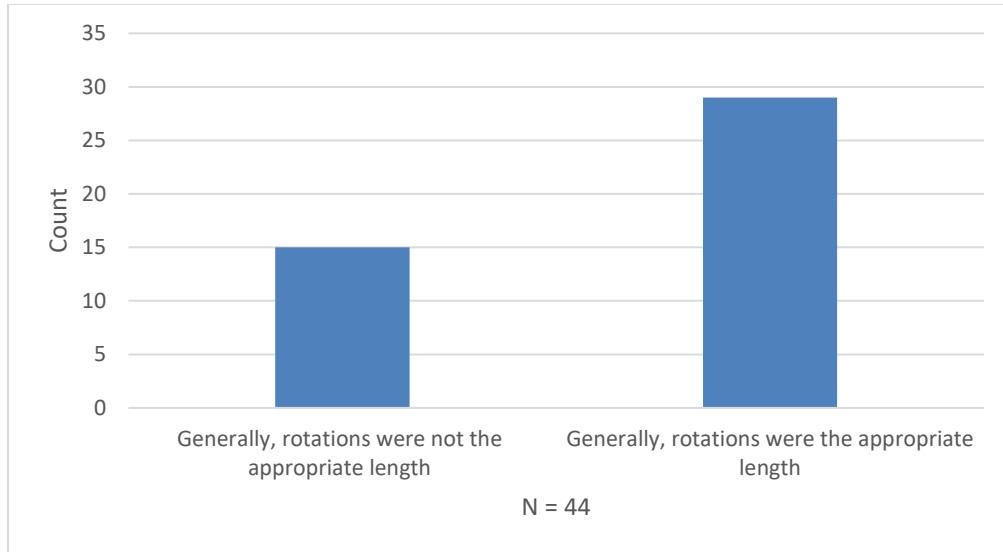

Likert scale reference: 1 = Not confident/Strongly disagree
4 = Confident/Agree
7 = Very confident/Strongly agree

Rotations

The following table outline the average student responses to the question: Considering your experiences in rotations overall, please rate the extent to which you agree with each of the following statements.

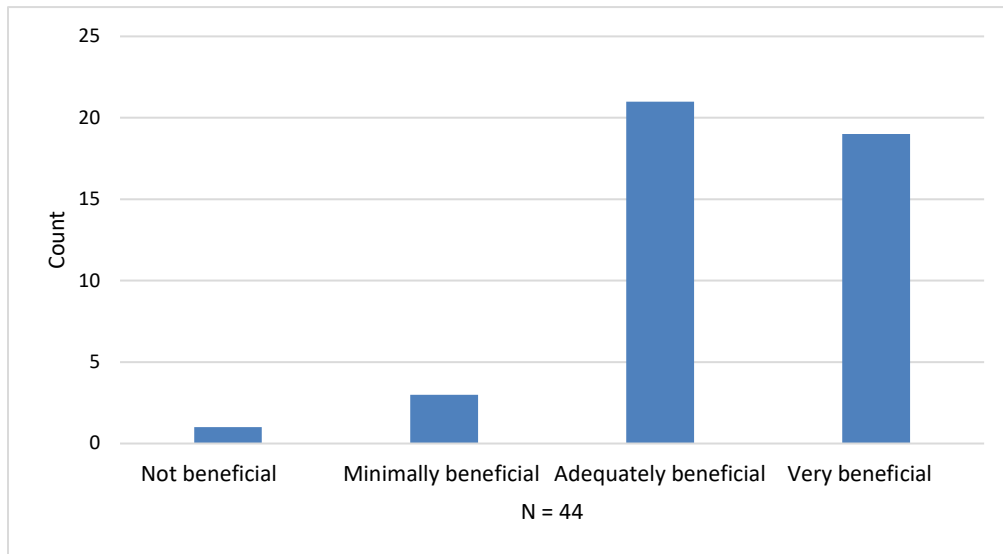

The table below shows students' response to the question: Overall, how would you describe the length of Phase 4 Rotations as it pertains to your learning experience?

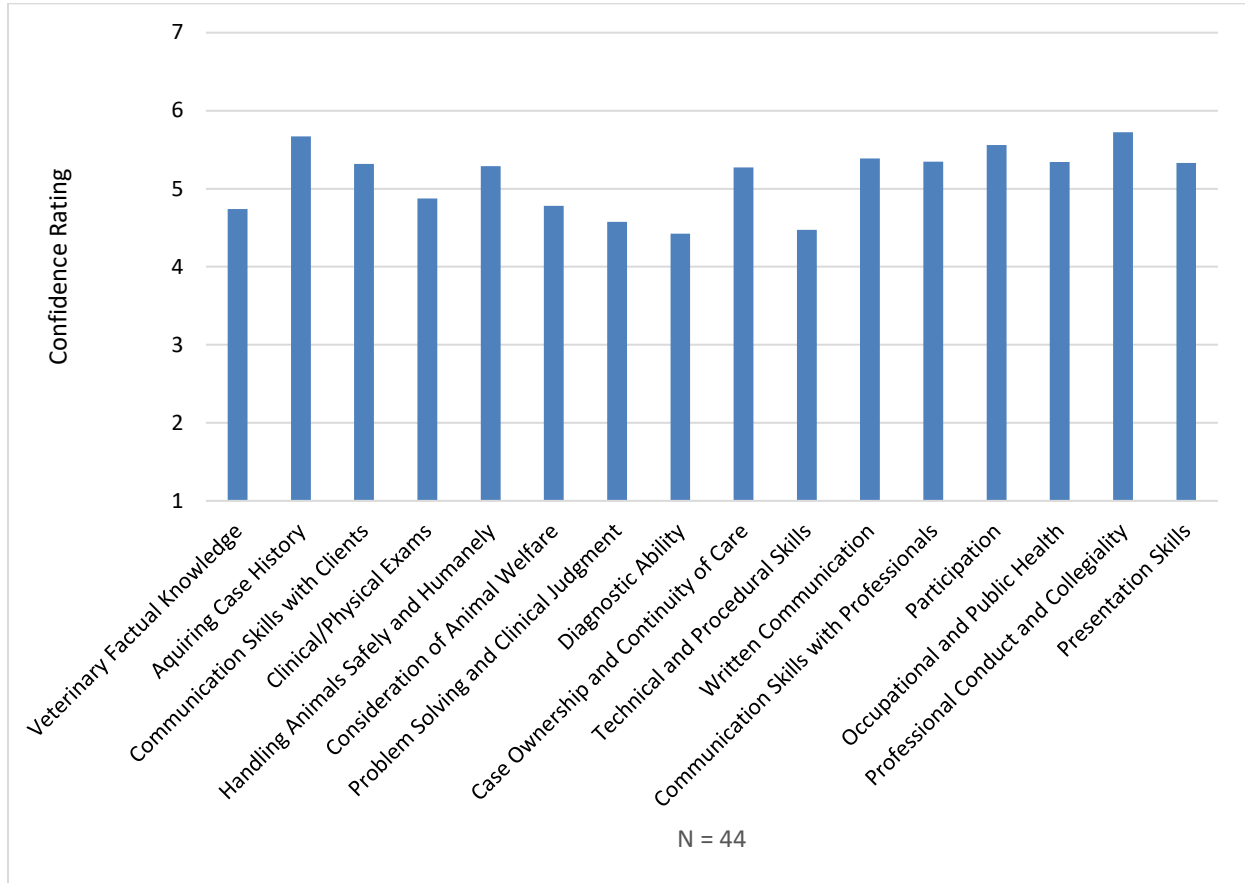

Externships:

The following table outlines students' responses to the questions: How beneficial was your externship placement in preparing you for Phase 4?

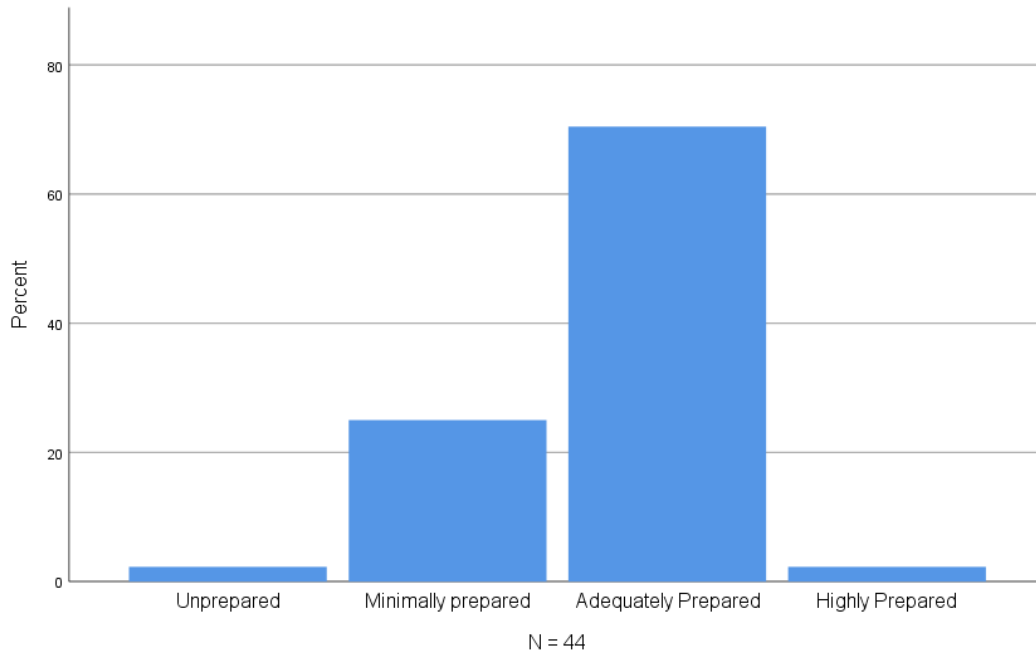

Competencies:

The following table outlines students' average responses to the following question: Considering your Phase 4 experiences overall, please rate your confidence to perform the following (questions listed were taken from the Phase 4 Rubric for each competency category).

Preparedness and Planning:

The following table outlines students' responses to the following question: How prepared do you feel about meeting your professional plans for the first year post-graduation?

The following table outlines students' responses to the following question: What are your immediate plans after graduating from OVC?
